MANAGE DRONES CONT.

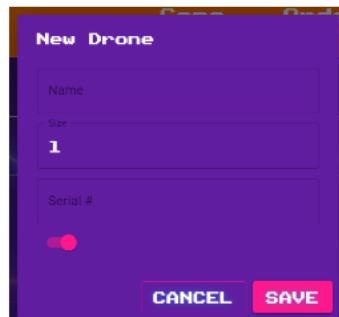

1 NEW DRONE

Selecting this button allows you to add a new drone to the management window.

Create a name for the drone and adjust the number of cones it can deliver at once before clicking the save button.

You can also toggle whether you want the drone to be available for deliveries or not by clicking the toggle button to the right of the size box.

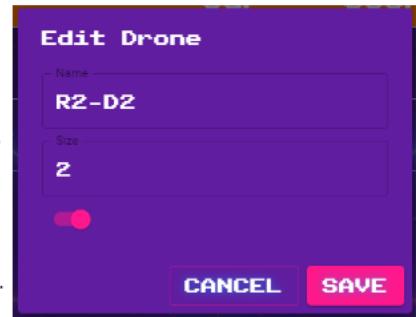

2 Drone Availability

This toggle button controls whether your drones are available for deliveries or not.

If the button is pointed left, that means the drone will not be used to make deliveries, and if the button is pointed right, that drone will be available for use on deliveries.

3 Edit Drone

Selecting this button will bring up the editing window. Here you can overwrite the name of the drone, and update the number of cones it can deliver at once.

The availability toggle button to the right of the size box can also be changed within this window to change whether this drone is available for deliveries or not.

4 Delete Drone

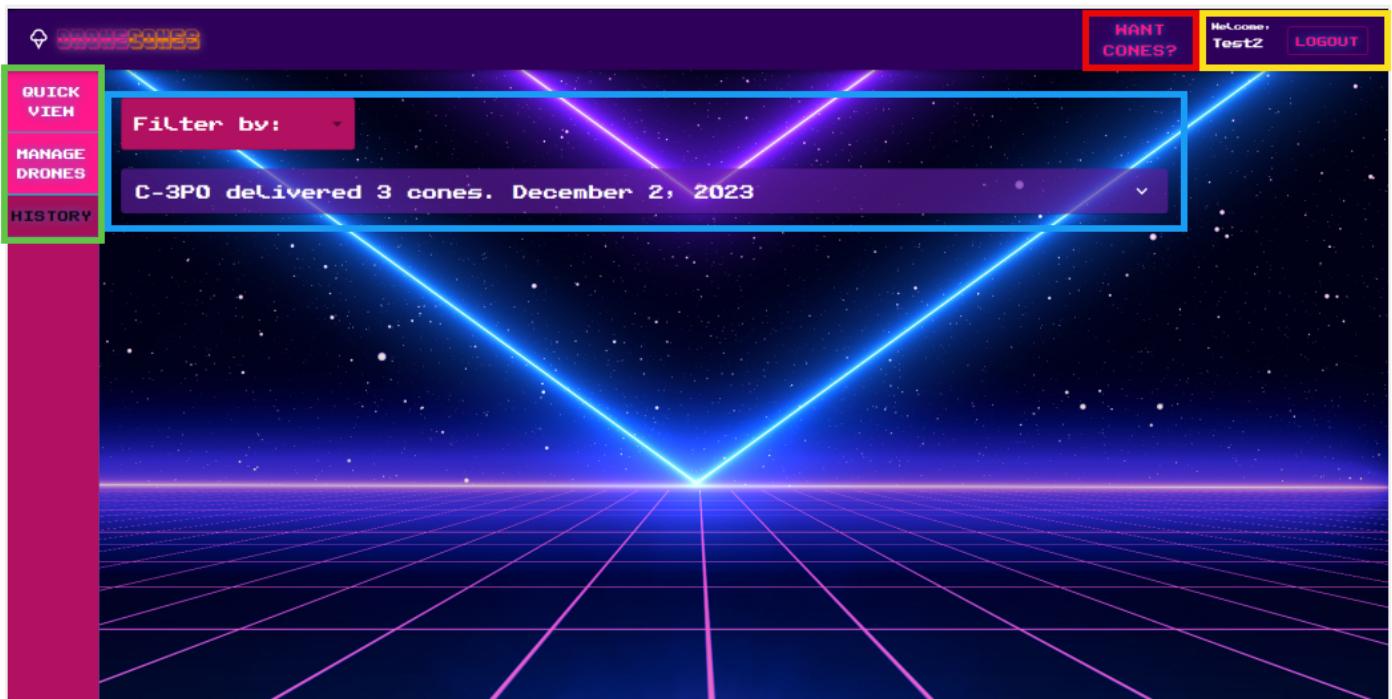

If you would like to remove a drone from the management window, selecting this button will immediately remove the drone.

WARNING

There is currently no confirmation window. Be aware that clicking this button will IMMEDIATELY remove the drone.

RESTOCK CONT.

The screenshot shows a digital interface for managing inventory. It is divided into three main sections: ICE CREAM, TOPPINGS, and CONES. Each section lists items with their current quantity and provides controls to update the inventory. The 'Quantity' field is highlighted with a green border, and the '+/-' buttons are highlighted with a blue border.

Category	Item	Quantity	Action
ICE CREAM	Vanilla	0	+/-
	Chocolate	0	+/-
	Strawberry	0	+/-
TOPPINGS	Sprinkles	0	+/-
	Chocolate Syrup	0	+/-
CONES	Sugar	0	+/-
	Haffle	0	+/-

This window allows you to update inventory.

① Delete product

Selecting this button will immediately delete this product from the inventory.
Please be advised, there is no confirmation.

② Add to count

Under Quantity, you can put a number that signifies how many units will be added to the total. Selecting the '+' sign will automatically add the amount provided to the inventory.

The screenshot shows a form for adding a new product. It includes fields for Product Name, Quantity, Pricing, Type (Flavor, Topping, Cone), and a pink 'ADD ITEM' button. The 'Product Name' field is highlighted with a green border, the 'Quantity' field is highlighted with a blue border, the 'Pricing' field is highlighted with a red border, and the 'Type' section is highlighted with a yellow border.

Product Name *: [Text Field]
